

To All Members of Plausawa Valley Country Club,

This letter is to introduce you to the Handicap Committee and to let you know of our stated Mission and Purpose. Our intent is to make your membership and play at Plausawa Valley, an enjoyable, fair, and rewarding experience.

We are working very hard to develop policies and procedures to ensure the Integrity of the Handicap System is provided to all members. We have committed to educate, monitor, and provide feedback about Handicaps that is Fair and Equitable to all those that play at Plausawa Valley.

We will work for all of you, to provide a system of checks and balances to ensure that Fair play is maintained throughout the year.

Please feel free to contact any committee member with concerns or questions. We will be providing information on the WEB site for you review.

We have attached a couple informational pages from the USGA handicap system reference guide (see link below) pertaining to score postings and penalties. We encourage all members to read these pages to better understand their responsibilities in maintaining their handicaps. All 9 hole league nights should be posted as noted in the attached information.

Spring is here, let's get the clubs dusted off and get some practice swings in for the upcoming season. Most of all let's have some fun with the greatest game on the planet!

Sincerely,

Committee Members -

Betty Kudrick  
Ray LaBranche  
Rich Lambert Jr.  
Steve Tardiff
