

PVCC Men's Association

2010 SPRING NEWSLETTER

The purpose of this association is to organize, promote and maintain interest in golf, in the true spirit of sportsmanship among the male members of Plausawa Valley Country Club.

Welcome to the 2010 golf season at Plausawa Valley Country Club and welcome to our new members. The Men's Association is entering its fourth year and we continue to work toward our mission of making the Plausawa golf experience the best that it can be for everyone.

Last year the Men's Association accomplished some noteworthy goals. Among them was a sizeable contribution to the McDonough Foundation (approx. \$1500.00) which provides scholarship money to young adults in the Concord area. The Association also funded the materials and provided the labor over Thanksgiving weekend (in the pouring rain) to rebuild the bridge on the first hole which everyone knows was in serious disrepair. The Association provided the financing and labor for the makeover of the men's locker room that was started this winter and completed just recently. Thank you to Guy Montminy and his crew for the big part that they played in the renovation.

We were able to accomplish these goals mainly because of the dues that we collect, along with the hard work of the Association members that promote the fundraising tournaments that the Men's Association sponsors each year. The largest fundraiser is the Plausawa Member Guest (Aug. 6,7,8) which has become the premier tournament of the year. Last year there was a waiting list to play in this event even after we increased the size of the field! So watch for the announcements and be sure to sign up early if you want a chance to play in the best tournament of the year. Speaking of tournaments, there is a new tournament sign up table in the pro shop, so no more looking behind the door for the sign up sheets! We also raise money through 50/50 raffles and this year the Men's Association is looking into hosting some Texas Hold'em poker tournaments. We'll keep you posted.

This year the association is planning to build a weather shelter down on the back nine. This was actually last years' project, but other things ended up taking priority. As always, we are open to suggestions and ideas from the membership for projects and where the money can be well spent. After all it is your club and your money that makes this all possible.

We will also be making a concerted effort this year to communicate more effectively through regular postings on the website and through e-mail notifications.

The officers of the association are looking forward to another year, Mother Nature has been good to us and Josh our superintendant has the course looking great already. Think warm weather and GOLF!!

Jackson

Officers:

Jackson Perry – President, John Carroll – Vice President, Raymond Labranche – Treasurer, Steve Tardiff – Secretary, Paul Lennon – Member at Large, Jim Dussault – Member at Large, Bill Vermette – Liaison to the Board
